## Before You Arrive - Move-In Schedule

We require all residents to schedule their move-in date and time before their arrival to their new home. Please note that *all move in dates have to be the day of or after your lease start date as no early move-ins are allowed*. To schedule your move in, please review your move-in email.

You will be sent your address, unit number, and roommate information (if applicable) to your email. We strongly suggest you contact your roommate(s) before you arrive at 929 Apartments.

There are bell carts located near the security desk that you can use to transport your items into your apartment. These bell carts are first come, first serve - we cannot reserve carts. Since we have limited carts, bringing your own cart to assist in transporting items is strongly recommended!

If you need assistance after hours, please visit the 24 hour security desk, which is located on the first floor in the lobby.
